## ***Delivering the Opportunities for Savings with the Most Complete Legal Spend Service Solution***

### **Operational Savings:**

doeBilling's user-friendly management of corporate legal spend reveals cost savings in four major areas leading our clients to realize a first-year payback and a renewable ROI.

1. Auto Control Over Violations & Adjustments
2. Collaborative Rapid Review
3. Invoice Process Improvements
4. Early Payment Discounts

### **Strategic Opportunities:**

doeBilling provides enterprise-class tools for budget management and forecasting. The level of configuration control coupled with improved invoice processing completely aligns clients' matter, invoice, vendor, and spend. All clients report a more dynamic, true spend transparency throughout their organization. Identifying trends and providing evidence to initiate strategic actions is paramount.

1. Correct Vendor Task Allocation
2. Proactively Forecast & Budget Matters
3. Negotiate Timekeeper Rates
4. Deliver True Spend Transparency

### **Features and Benefits:**

doeBilling was developed to answer the challenges faced by corporate legal departments requiring control over their outside legal expenses. Each legal task has been accounted for and expertly programmed to alleviate the pressure to control costs. A complete solution, with the right tool set can change the way the world works.

- **ABA task code based invoices** - Ensures all outside vendor bills adhere to industry standards already established.
- **LEDES standard practices** - system is pre-programmed to provide the best error checking as invoices are accepted for rules processing.
- **Automated rules processing** - Takes your corporate rules & procedures and executes an automated first-pass rules check review.
- **Review process flow analysis** - Dictates the review path an invoice will undergo once submitted by type, vendor, task, and matter.
- **Multi-currency format** - Allows any invoice to display local currencies and those in invoice to aid review.
- **Alternative Fee Arrangement templates** - AFA's are fully supported in doeBilling 3.5 and submitting "shadow" invoices makes the final contract reconciliation effortless.
- **Forecasting and Budgeting** - Included with the system is the ability to mine vital information on any aspect: matter, invoice, vendor, timekeeper, etc.
- **Service and Support** - Enterprise-class support with a friendly and helpful staff when you need them. Domestically based and available 24/7.
